EAGEN
EUROPEAN ASSOCIATION FOR GASTROENTEROLOGY,
ENDOSCOPY AND NUTRITION

INTRODUCTION NOTE

Dear Colleagues,

On behalf of the European Society of Digestive Oncology (ESDO) and the European Association for Gastroenterology, Endoscopy and Nutrition (EAGEN), it is our great pleasure to invite you to a virtual Postgraduate course focused on immunity and digestive cancers, organized under the auspices of the European United Gastroenterology (UEG) and the 'Fédération Francophone de Cancérologie Digestive' (FFCD).

This course will give you an opportunity to share the newest knowledge on all aspects, fundamental and clinical, of the immune response in digestive cancers, its complex relationship with microbiota, and the recent results of immunotherapy in different types of digestive cancers. Through the lectures and discussions with European specialists in this field, and through highly interactive and stimulating sessions, you will be able to update your knowledge in this very rapidly evolving field of digestive oncology.

We are looking forward to meeting you during this important educational and scientific event,

Prof. Eric van Cutsem (President of ESDO),

Prof. Tamara Matysiak-Budnik (President of the organizing committee)

Prof. Dan Dumitrascu (President of EAGEN)
